1. Raise the alarm and inform the control tent about the nature and location of the fire.
2. The event coordinator will initiate the Fire Service and emergency service.
3. Assist in evacuating of the public using escape routes.
4. Tackle the fire without placing yourself in danger.
5. Report any problems to the emergency coordinator at the assembly area.

Action on bomb threats or terrorist activity

1. Inform control tent.
2. Clearly and calmly request event visitors to evacuate the area.
3. Event Management will notify police immediately.
4. The guideline for the evacuation area from suspect devices are small package 100m, suitcase sized packages 200m, car 400m and larger vehicles - 800m

Crowd control

Roping or fencing off the ground to prevent spectators encroaching on the football field is impracticable. Pitch officials are advised to brief the spectators and supporters that they must keep clear space between them and the touch lines. In the event of a major incident, all executive members, security officers and other official assistance are taking a part of quick reaction team to support the referee.

Assault/fights

In the event of fighting or assault, immediately contact to the control tent for quick reaction team and defuse the situation if possible. If the situation is getting violent than coordinator will call the police for further assist. Responsible person should record all activities including names and contact details of witness.

Serious Injury or death

In the event of serious injury or death occurring, contact control tent for medic or ambulance and medical crew should call 999 for medical emergencies. Designate staff person to accompany injured/ill person to the hospital. Responsible person should record all activities including names and contact details of witness.

Extreme weather

In the event of extreme weather conditions and the site becomes unsafe then the event will be cancelled and re-scheduled.
